

Material Safety Data Sheet (SDS/MSDS)

DryGelWorld Safety Data Sheet for silica gel desiccant. Describes the product with regard to safety requirements only; these data do not constitute a product specification.

1. Identification of the Substance/Preparation and Company

Product	Silica gel desiccant
Company	DryGelWorld — trading brand of Kamran Enterprises
Address	A-488, Block 1, Gulshan-e-Iqbal, Karachi 74000, Pakistan
Email	sales@drygelworld.com
Emergency telephone	+92 332 3129695
SDS revision date	2022-02-01
Review by	2027-01-31

2. Composition / Information on Ingredients

Description	Silica gel
Dangerous substance	None
Main ingredient	Silicon dioxide, 98.5%
CAS No.	7631-86-9
UN Identification No. / HS Code	2811.2210

3. Hazards Identification

Specific hazards	The product is very absorbent and may have a drying effect on skin and eyes. In contact with water, heat may develop, but burning of skin and mucous membrane is impossible.
------------------	--

4. First-Aid Measures

After inhalation	Fresh air
After skin contact	Wash with water
After eye contact	Flush with water

5. Fire-Fighting Measures

Suitable extinguishing media	This material will not burn; use media appropriate for the surrounding fire.
------------------------------	--

6. Accidental Release Measures

Personal precautions	Respiratory protection, eye protection
Methods for cleaning up	Sweep the spill area and avoid rising dust

7. Handling and Storage

Precautions for safe handling	Handle in air-tight container. Avoid freezing or exposing to the sun.
Measures to prevent fire/explosion	Not flammable and not explosive.

8. Exposure Controls / Personal Protection

General	See section 7. Use respiratory and eye protection where dust may be generated.
---------	--

9. Physical and Chemical Properties

Appearance	Particle
Odor	Odorless
Boiling point	Not applicable
Melting point	1708–1718 °C
Flash point	Not applicable
Solubility (water, 20 °C)	Insoluble

10. Stability and Reactivity

Stability	The product is stable and inert.
-----------	----------------------------------

11. Toxicological Information

Toxicology	Non-toxic
------------	-----------

12. Ecological Information

Ecology	Silica gel is chemically and biologically inert.
---------	--

13. Disposal Considerations

Disposal	Landfill according to federal, state and local regulations.
----------	---

14. Transport Information

IMO / IMDG	Not dangerous goods according to the IMO/IMDG transport regulations
IATA	Not regulated as a hazardous material

15. Regulatory Information

Classification	Silica gel is not a dangerous substance according to EEC Council Directive 67/548/EC (Classification, Packaging and Labeling of Dangerous Substances), as last amended.
----------------	---

16. Other Information

Note	Applicable regulations and industrial hygiene standards have to be considered. The data is based on the present state of knowledge and experience, without a claim being made for completeness. The Safety Data Sheet describes the product only with regard to safety requirements. These data do not constitute a specification.
